

24 February 1986

Dear LTC Zarwell:

Maj Cindy Gurney (Army Nurse Corps Historian) informed me that you were instrumental in preparing "The Army Nurse Corps: Heritage, Tradition, Service" for presentation. Your labors into the wee hours of the morning were well worth the effort as I believe the Army Nurse Corps now has a very effective tool to show the world, "We were There."

Let me extend my appreciation for a job well done.

Sincerely,

CONNIE L. SLEWITZKE
